

Giornale di bordo

Iniziato il Terminato il

Navigazione

.....
.....

Il Giornale di Bordo è un documento ufficiale: dovrà pertanto essere compilato con molta cura dal Capo Barca o dal Capo Guardia in modo chiaro e leggibile.

E' consigliabile utilizzare le due pagine (sinistra e destra) per ogni giorno di navigazione (dalle ore 0000 alle ore 2400), qualora questa duri più giorni.

In porto dovrà essere registrato:

- l'assunzione del comando da parte del Capo Barca e la cessione al Capo Barca successivo, nonché il nome e cognome di ciascun membro dell'equipaggio;
- l'imbarco e lo sbarco di ogni membro dell'equipaggio.

In porto ed in navigazione dovranno essere registrati oltre agli elementi significativi della navigazione, la velatura e l'impiego del motore e anche:

- ogni incidente occorso ai membri dell'equipaggio, anche quelli che apparentemente non hanno provocato danni visibili;
- ogni incidente, avaria, occorsa alla barca ed alle attrezzature;
- le comunicazioni trasmesse e ricevute;

Nelle apposite pagine in appendice devono essere registrate tutte le telefonate effettuate tramite stazione radio marittima.
